Press Release

IVECO BUS reaches new milestone in Azerbaijan with an agreement for 600 Turbo DAILY 4x4 minibuses

IVECO BUS continues its expansion in Azerbaijan with the signing of a non-binding agreement with Az-Tex Import for the supply of 600 Turbo DAILY 4x4 units. Formalized at Busworld Türkiye in Istanbul, this project builds on the brand's successful deployments in Baku, where 151 CREALIS CNG, 151 URBANWAY CNG and 1 CITELIS CNG BRT in total 303 units buses have supported the modernization of the city's public transport network.

Vénissieux, 17 June 2026

IVECO BUS, one of Europe's leading passenger transport manufacturers, is strengthening its presence in the Azerbaijani market with the signing of a non-binding agreement with its local partner Az-Tex Import for the supply of 600 Turbo DAILY 4x4 units.

The signing took place at the IVECO BUS stand at Busworld Türkiye in Istanbul, in the presence of Samir Ibadullayev, President Az-Tex Import and Sascha Kaehne, Head of AMEA Bus Commercial Operations for IVECO BUS. This new agreement reflects the quality and reliability of the vehicles already operating in Azerbaijan. In Baku, the manufacturer has played a key role in the modernization of the public transport network with the delivery of 151 CREALIS CNG, 151 URBANWAY CNG and 1 CITELIS CNG BRT in total 303 units buses.

The Turbo DAILY 4x4 minibuses covered by the agreement will be assembled by Naveco.

In the configuration selected for this project, the Turbo DAILY 4x4 is equipped with a 127-hp diesel engine and features a permanent four-wheel-drive system, making the vehicle a true "go-anywhere" workhorse. Together with the 7-leaf-spring rear suspension, these features are key advantages that are particularly valuable in intensive operations or on demanding routes. The Turbo DAILY 4x4 can accommodate 9 passengers and the driver.

Designed to meet the diverse needs of passenger transport professionals, the Turbo DAILY 4x4 is ideal for a wide range of missions, from passenger transport between rural areas and city centres to operations in challenging terrain conditions. Its robustness, ride comfort and operating efficiency make it an ideal choice for operators seeking a vehicle that combines adaptability with a high level of service quality.

Sascha Kaehne, IVECO BUS AMEA Bus Commercial Operations, said: "*This agreement illustrates our ambition to continue expanding IVECO BUS in Azerbaijan with passenger transport solutions capable of meeting local operating realities. With the Turbo DAILY 4x4, we are offering operators a reliable, versatile, and comfortable vehicle designed to combine operational performance, service quality, and adaptability to field requirements*.

IVECO BUS

IVECO BUS is a brand of Iveco Group N.V. (EXM: IVG), a global leader in commercial and specialty vehicles, powertrain, and financial services, listed on the Borsa Italiana in Milan. IVECO BUS designs, manufactures, and markets a wide range of vehicles covering all missions: city, intercity, school transport, line service and tourism.

With a worldwide presence and a leading position in Europe in sustainable public transport, IVECO BUS supports private transport operators and public transport authorities in their energy transition with a technology-neutral approach that includes all energies: biofuel, biomethane, battery electric and fuel cell technologies.

With an extensive service network, IVECO BUS guarantees worldwide assistance wherever an Iveco Bus vehicle is in operation.

*In addition, IVECO BUS's **Energy Mobility Solutions** service and consulting offer provides customized support for the coordination of complex electrification projects.*

*A wide range of **IVECO ON** connected services, developed to optimise the operation and maintenance of all-energy vehicle fleets, completes IVECO BUS's comprehensive offering.*

The company employs over 6,550 people and operates seven manufacturing plants in Europe and Latin America: Annonay and Rorthais in France, Vysoké Myto in the Czech Republic, Brescia and Foggia in Italy, Sete Lagoas in Brazil, and Córdoba in Argentina.
