CROSSWAY

The CROSSWAY at a glance

Designed for interurban and school transport, Crossway is a reliable and universal hard worker whose amazing qualities have made it the most sold intercity vehicle in Europe.
A perfect instrument for short distance and medium distance passenger transport.

- 1 VERSATILITY**
 - Three lengths (10.8 m - 12 m - 13 m)
 - A wide offer of seat layouts
 - High level of personalization with up to 1200 possible configurations
- 2 NEW DRIVER AREA**
 - VDV compliant
 - New dashboard, new cluster, new steering wheel
 - Generous space & thermal comfort
 - Optimised storage
- 3 PRODUCTIVITY**
 - Best in class Total Cost of Ownership
 - Easy passengers flow
- 4 EFFICIENCY**
 - CNG, HYBRID and HI SCR engines
 - 2 automatic gearboxes
 - Cross range standardisation for maintenance optimization

Versatility

A complete range for all missions

Crossway can easily satisfy all customer needs in every passenger transport mission thanks to its versatility and variety of available versions.

Crossway - Pop version

The best solution for school transport, delivering excellent accessibility and carefully designed interior comfort. Attractive operating costs and proven reliability complete the package.

Crossway - Line version

The ideal choice for short-distance and medium-distance passenger transport, featuring low fuel consumption, longer service intervals, a driver area conceived to meet the highest ergonomic standards, all in a safe and comfortable environment.

Crossway - High Value version

The evolution of Crossway Line, proposing integrated air condition, individual passengers lights and air outlets, without increase of vehicle height.

The Crossway range is versatile enough to accommodate different engine layouts: Cursor 9 CNG or Biomethane, Cursor 9 Hybrid CNG, Cursor 9 Hybrid Diesel, Tector 7 for Diesel / HVO / XTL, Cursor 9 for Diesel / HVO / XTL.

Crossway - CNG version

Crossway CNG implements design solutions from the proven Crossway family. Patented full integration of gas bottles in the roof yields the lowest height on the market (3,45 m), perfect for any route and giving maximum stability on the road.

Crossway - Hybrid version

The introduction of the hybrid technology to Crossway enables transport operators to benefit from a significant reduction in energy costs and CO₂ emissions compared to internal combustion models. The new Crossway hybrid Diesel is available in 3 lengths: 10,8, 12, 13 meters. The hybrid version powered by natural gas is available in 12 and 13 meters.

Innovative design

New front face

The new front face of Crossway is now hosting the specific driving assistance systems ADAS for safer driving:

- **BSIS** – Blind Spot Information System
- **MOIS** – Moving Off Information System
- **ISA** – Intelligent Speed Assistant
- **DDAW** – Driver Drowsiness Attention Warning

Those sensing tools are incorporated in a radar installed in the front face and a camera lens covering the whole frontal area from the inner side behind the windscreen. Its combination is able to detect Vulnerable Road Users approaching frontally and from lateral directions, as well as road signals. The camera is packed with a light sensor allowing the automatic switching on of front headlights.

Driver area

Driving the Crossway is easy

The dashboard has been redesigned with new control commands at short distance from driver. Steering wheel controls are close to fingers with no need to release the steering wheel to have under control all the main functions. More space and a new look make the driver cabin a comfortable place for everyday operations.

Fully colored display cluster 7" shows more driving information: the Driving Style Evaluation, engine oil level, gearbox info and speed set up for cruise control.

Dashboard commands are fully customizable, Driver's comfort is not forgotten with multiple storage space, charging plugs, double USB and cup and bottle holder.

Improved ergonomoy

- All controls are visible
- Dashboard controls at short distance from driver
- Steering wheel controls close to fingers, no need to release the steering wheel

100% Work place

- Customizable dashboard
- Multiple storages (A4 folder storage)
- Charging plugs 12 V, 24 V, double USB
- Cup and bottle holder

More driving information

- Fully colored display numeric cluster 7"
- Driving Style Evaluation
- Accumulator charge
- Engine oil level
- Gearbox info
- Speed set up for Cruise Control
